

Exporting Citations from RefWorks to QUOSA

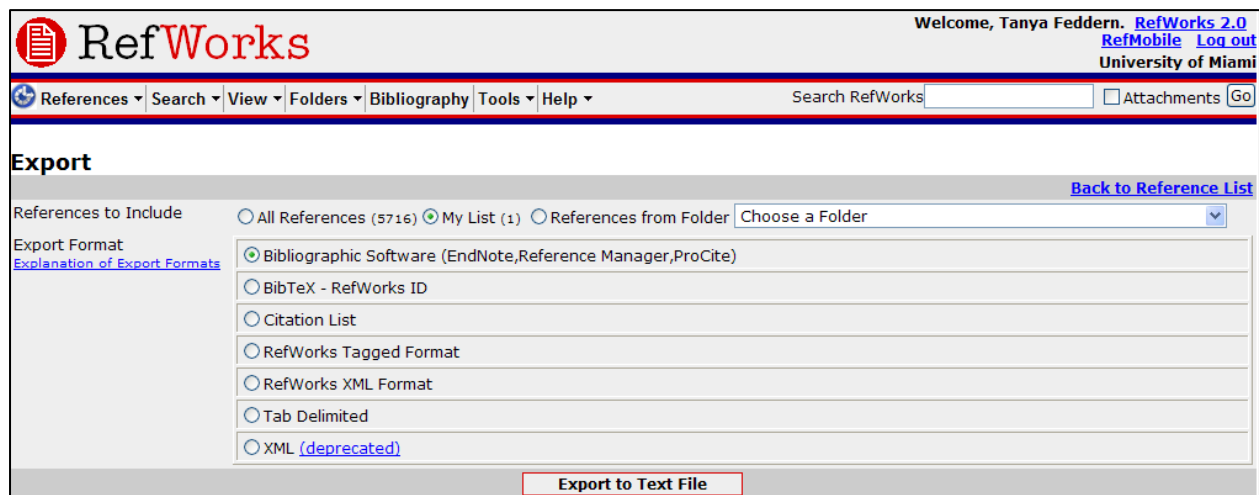

Log into your RefWorks account. Choose the references that you wish to export and choose the “Add to My List” button on the left—if you want to export an entire folder, please skip this step.

The screenshot shows the RefWorks interface for the 'Autism Türkiye Folder'. The top navigation bar includes 'References', 'Search', 'View', 'Folders', 'Bibliography', 'Tools', and 'Help'. A search box and 'Attachments' link are also present. The main content area displays a list of references with checkboxes and 'Cite View' links. A red message states 'Successfully added reference(s) to My List.' The 'Add to My List' button is highlighted with a red box.

Click on the **References** tab and choose **Export**. For **References to Include**, make sure to select **My List**. (Notice that you can also export an entire folder, if you wish via the **References from Folder** option.) Under **Export Format**, leave the first option selected: **Bibliographic Software (EndNote,Reference Manager,ProCite)**. Click on the **Export to Text File** button.

The screenshot shows the RefWorks 'Export' interface. The 'References to Include' section is set to 'My List (1)'. The 'Export Format' section has 'Bibliographic Software (EndNote,Reference Manager,ProCite)' selected. The 'Export to Text File' button is highlighted with a red box.

If QUOSA downloaded the abstract or HTML version of your article, you can easily drag and drop the PDF version into your QUOSA account. Click on the blue **Calder Full Text** button on the right, save the PDF to your computer, and then drag and drop the file on top of the file in QUOSA. Follow the prompts, and QUOSA will substitute the PDF for the abstract. Please ask your librarian if you need additional assistance.

When finished, don't forget to choose the **View** tab and select **My List**. Then, select the citation(s) you want to remove from **My List** and click on the **Remove from My List** button. This way, you won't be sending the same citation over and over again to QUOSA.
